Different from the JR PASS which covers all JR trains nationwide, the JR EAST PASS is an economical and flexible rail pass to travel around Eastern Japan. It is valid for travel on all the JR railway lines of JR EAST: Limited Express Trains (except private compartments or berths) including 5 Shinkansen bullet trains (Tohoku, Akita, Yamagata, Joetsu and Nagano); Express trains (except berths, etc.); Local trains (except "Liner"/"Home Liner"). Please note the JR East Pass is not valid for the Tokaido Shinkansen and the Sanyo Shinkansen lines, which connect Tokyo and western Japan cities, such as Kyoto, Osaka, or Fukuoka. Eastern part of Japan is popular for visiting autumn offering an Impressionist's palette of colored leaves. Enjoy Japan's beauty with the JR East Pass!
